The new expansion for the most popular browser game, Arabic Ministry of war, The Roar

Dubai - 2012

Arabic Ministry of wars prepares, not to flip the scales, but to change the history of online games once and for all.

Arabic Ministry of wars, commercially launched for about a year, crushed its competitors with both of registrations figures and its unique interaction in-game system. Yet it continued its success story opening 3 servers in a row with expectations of more servers coming live soon.

And now Arabic Ministry of wars proudly presents “**The Roar**” expansion which is a real leap in the world of browser games and it brings loads of features. We bring some of them to the light:

- 1 - Pet system for the first time ever in a browser game making it a fearsome competitor for client games.
- 2 - Enhanced guild system, giving players more abilities to interact and fight beside each other in a guild.
- 3 - Building weapons, making skills, transferring upgrades and many more other features and systems are available now.

To Editors

Game Power 7 was founded in 2007 as the first leading Arabic company in the field of online and mobile gaming.

As a part of the media group Spacetoon International, Game Power 7 presented innovative products based on localizing games from different cultures to fit the Arabic culture, values and traditions.

Relying on Arab talents, the company released a variety of exceptional games, the most popular one was Arabic Rapplez launched in 2008 as the 1st Arabic 3D online game. The game populations exceed one million players.

Game Power 7 has operation centers in three Arab countries with the headquarters in Dubai Media City. As part of the company's dedication to managing the community of Arab gamers, the company uniquely formed a Community Management QA team and a Culturalization and Cultural Content team.

Game Power7 has created a network of international business relations, that in-turn made the Middle East a magnet for world-class game developers. The company also supports many social programs for youth and local communities.
