AraFiesta or (Arabic Fiesta) as the name suggests, is a part of the Fiesta franchise that's been online for six years now. The Arabic version underwent a lot of localization to suit every Arabic player's values and morals, turning it to a true anime masterpiece.

AraFiesta consists now of six different classes (fighter-mage-cleric-trickster-archer and the crusader) each has its own unique set of skills that go hand in hand with the massive number of interesting and challenging quests. Players can choose to upgrade each class or do expedition quests and epic quests, making it easy for players to make new friends and venture Ezeria together. They are rewarded with beautiful items and valuable equipment after completing quests, which make questing in AraFiesta far from boring.

Players can create different characters to start exploring a wonderful world with astounding visual and sound effects. They can try new adventures and make new friends, while riding dragons, horses and even boats! The card collection system alone offers players a new experience with fascinating items and prizes.

AraFiesta CBT started on December 18th and ended on January 12th. Players can register now in the OBT to begin their journey with a lifelong account.
