For immediate release – Dubai - 16-2-2015 – today

Game power 7 launches AraFiesta Official release.

AraFiesta is an anime MMORPG.

Dubai - 16-2-2015

Game power 7 -the leading publisher and developer of online and mobile games in the MENA region- has released the official stage of its latest anime MMO game; AraFiesta. The game is suitable for Arab youth from all over the world. This stage hailed the great success that occurred during the closed and open beta stages of the game.

AraFiesta is an anime MMO game that offers a massive and colorful world full of adventures and entertainment in a unique free-to-play team-based experience. The game contains multiple classes and various characters each presenting the player with new challenges, creating a very interesting and action-packed play style.

During the pre-stages of the game, the number of players who applied for Beta keys exceeded 30 thousand Arab players; while the number of players who visited the game website during the first few hours was more than 1500 visitors – according to Game power 7.

The official release should be more than perfected, after having underwent massive technical and service preparations to ensure fun and interesting experience for the players. Adding to that, the modifications that enriched the game and increased the level of appeal the players meet when they log in for the first time.

Different experience... the challenge is on!

AraFiesta consists of five different classes each has its own unique skills and play style, with an innovative weapon enhancing system, which helps the player start the adventure with excitement.

****to be continued****

The game sheds the light on one of the most important aspects of life, Friendship. Through the loyalty system, players are connected and empowered by the strength of their friendship. The estate is an unmatched feature that allows players to build their own resorts and invite other friends to share good times.

The game sets the player on an adventure that reveals many mysteries and secrets. Players will discover a world ruled by a beloved and respected king, who was killed by the greed and hunger for power of his enemies.

The game holds a breathtaking world and astonishing graphics. All that with a download size less than 1.8 GB .

It's worth mentioning that Game power 7 has recently released the latest version of its FPS game "Adrenaline" under the name "line of fire", the release includes Old Damascus map and various new modifications and weapons.

Information for editors:

About the company:

Game Power 7 was founded in 2007 as the first leading Arabic company in the field of online and mobile gaming.

As a part of the media group Spacatoon International, Game Power 7 presented innovative products based on localizing games from different cultures to fit the Arabic culture, values and traditions.

Relying on Arab talents, the company released a variety of exceptional games, the most popular one was Arabic Rapplez launched in 2008 as the 1st Arabic 3D online game. The game population exceeds one million players.

The company develops “MMO” games that can be played by thousands at the same time as well as role-playing games “MMORPG”

Game Power 7 has operation centers in three Arab countries with the headquarters in Dubai Media City. As part of the company's dedication to managing the community of Arab gamers, the company uniquely formed a Community Management QA team, a Localization and Cultural Content team.

Game Power 7 has created a network of international business relations, that in-turn made the Middle East a magnet for world-class game developers. The company also supports many social programs for youth and local communities.
